

PROJECT

GEOMETRIC BUD VASE

Price: £18

Approximate time to complete: 2 hours

You will need:

- Geometric bud vase
- Selection of brushes
- Selection of paint colours
- Rubber stamps
- Round sponge dabber

GEOMETRIC BUD VASE - Painting steps

Step 1 : Choose a selection of pale colours for the background. Water down the paint and apply one coat on each side as a colour-wash.

Step 2: Choose darker, contrasting colours for the foreground patterns. Use the round sponge dabber to apply colour to the patterned rubber stamps.

Step 3 : Press the painted rubber stamp onto the vase, one section at a time. Apply more paint, or change paint colour, then continue until the vase is covered.

Step 4 : Finally, choose a contrasting colour and paint three coats inside the neck of the vase with a large brush. And you've completed the project!
