WALL FROG - Painting steps

Step 1 : Draw a pattern of your choice on the frog in felt tip pen, then when you're happy with the design, go over it with a black writer bottle (15 - Tuxedo).

Step 2 : Sponge the tips of the fingers and toes with red paint (74 - Hot Tamale), then sponge some orange paint over the top (75 - Orange-A-Peel).

Step 3 : Paint three coats of red (74 - Hot Tamale) over the eye using a small brush. Then add the black pupil and white highlight using writer bottles (15 - Tuxedo & 37 - Ivory Tower).

Step 4 : Finally, stir the Herb Garden crystal glaze well, apply three coats all over the frog with a large brush (avoiding the eyes and fingers/toes) - and you're done!
